

International Shipping: Register Users / Guests

CMT is happy to offer our products to international customers. Through a partnership with GlobalShopex, we can ship anywhere in the world. Depending on how you log into our website, www.cmtmedical.com, will determine the screens you will see.

If you are a register user, your ship to address is already in the system. As such, the preferred shipping method will come up. However, if you are ordering as a Guest, and shipping internationally, please read the following information in its entirety.

Once you have completed your shopping and added all desired items for purchase to your cart, click on the Cart Icon at the upper right-hand corner of your screen.

For our customers ordering internationally, please see the Figure 2 on how to access our international shipping checkout.

The screenshot shows the CMT website interface. At the top, there are social media icons, the phone number 800.382.5879, the CMT logo, and links for login/register, a search icon, and a cart icon with a '1' notification. The navigation menu includes HOME, STORE, ABOUT, CONTINUING ED, HOME RENTAL PROGRAM, RESOURCES, BLOG, and EVENTS. The main content area features a hero image of a woman and the text 'INTIMATE ROSE DILATORS – SETS Sexual Health, Dilators'. Below this is a breadcrumb trail: Home / Store / Pelvic Pain / Dilators / Intimate Rose Dilators – Sets. A green notification bar states: "Intimate Rose Dilators – Sets" has been added to your cart. A 'View cart' button is visible. The product page for 'INTIMATE ROSE DILATORS – SETS' (SKU: IR-0XX) is shown with a price range of \$79.99 – \$179.99. The product description states: 'Intimate Rose vaginal dilators use a smooth, body safe, medical grade silicone that is BPA-free and designed to glide into the vaginal opening for more comfortable use. The Intimate Rose collection includes small, medium and large sets. The full vaginal dilator set of 8, as well as single trainers; which can be purchased separately. Each set comes in a 4 pack ranging in sizes depending on your specific needs and requirements. With our dilator therapy system, it makes it easier to progress no matter what your condition or goals for overall sexual health.' A size selector dropdown is set to 'Small Kit' (Sizes 1-4) with a 'CLEAR' button. Below the main product image are three smaller images showing different kit configurations.

Then click on the International button just below the image of the globe and you will be brought to our third party shipper, GlobalShopex.
